

TOWN OF SKANEATELES
PERMIT GUIDELINES FOR FENCES

- 1) Completed building/zoning permit application including required items 1, 3, 4 & 5 as listed. The requirement in item #3 for a licensed surveyor or engineer to locate the proposed fence on the survey map is waived for this type of application and can be plotted by the applicant.
- 2) Copy or picture of type of fencing to be installed. This can be obtained from the supplier.
- 3) Fences must be set back a minimum of one foot from the respective property line with the exterior (good) side of the fence facing out, and with any component of the fence not designated for presentation to the public or neighbor facing in.
- 4) No fence shall be constructed in a road or street right-of-way.
- 5) The maximum fence height allowed is six feet unless its purpose is to enclose a tennis court, where it is allowed to be up to 10' provided it complies with applicable setback requirements for a tennis court.
- 6) If proposed fence is to be located within 100' of the lake line, the maximum height is four feet and it must be of an open style allowing a minimum of 50% visual penetration when viewed at any angle between 45° and 90° to its face, including pickets, post, rails or any other feature that can block visual penetration.

Any questions, please call the Codes Enforcement/Planning & Zoning Department at (315) 685-1384.

Town of Skaneateles Requirements for a Building Permit

Please be advised that it will take approximately 5-10 business days to review a **complete application** to determine compliance with the Town Zoning Ordinance and the New York State Uniform Fire Prevention and Building Code. The review process begins when a **complete application** has been received. The following is required for a **complete application** and failure to submit any of these may result in the delay of your project. Please call the Building and Zoning Department at 685-0833 if you have any questions regarding this.

1. **Original** copy of completed permit application **printed in ink** and **signed by record owner** (proof of ownership may be required).
2. If property is located within the Lake Watershed Overlay District, applicant must submit copies to the City of Syracuse Water Department located at 20 West Genesee Street, Skaneateles. This should be done at the same time submittal is made to the Town. (Please see attached City of Syracuse letter dated 2/11/04)
3. One copy of an original survey map certified within five years of the date of this application showing location of all existing and proposed structures (including decks, porches, fireplaces, etc.), **with front, rear and side setbacks drawn by a licensed surveyor or engineer.** If survey doesn't represent current conditions, re-certification is required. If property has lakefront, the lake line (865.02' – National Geodetic Vertical Datum, 1929) must be shown. Information indicating impermeable surface coverage and open space may be required.
4. One copy of plans of structure and specifications. **If cost of structure is over \$20,000 (materials and labor), NYS architect or professional engineer drawings stamped and signed, are required.**
5. Contractors certificates of insurance or exemption for workers compensation, disability and liability CE-200 (certificate of attestation of exemption) **or** C-105.2, u-26.3 (State Insurance Fund Version) **or** SI-12 **or** GSI-105.2 **or** BP-1 (if homeowner of a 1,2,3, or 4 **owner-occupied** residence is listed as the general contractor and performing all the work for which the building permit is issued). Please call the Bureau of Compliance at (518) 486-6307 with any general questions regarding the Workers' Compensation Law. Official website – www.web.state.ny.us.

If there are no zoning issues that require Zoning or Planning Board approval, a permit is issued and a fee collected. Building permit fees are based on the value of the proposed construction or alteration. Valuation is the anticipated market value of the proposed construction project and includes **all labor and materials** for which the permit is issued. Determination of the value shall be made by the building official based on average construction costs per square foot as established in the Building Valuation Data (BVD) table published by the International Code Council. Please see the Building and Zoning Fee schedule for applicable fees.
