

Special offer for residents of Skaneateles!

National Grid customers can sign up for a

GREEN ENERGY PROGRAM

Help the planet

Lower your National Grid bill

**It's more important than money.
But you'll save that, too.**

If you agree that our planet's health is a top priority, enrolling in the Green Energy Program from Solar Farms New York is a simple but powerful way you can help. It's available whether you own your home or rent. Plus, you'll even save 10% on your National Grid electric costs.

Our solar farms generate power from the sun

Clean solar power is sent to National Grid

On your National Grid bill, you'll get a 10% discount on the value of solar electricity allocated to your account, so you **pay less for electricity every month**

It's easy and free to enroll:

- 1** Go online to SkaneatelesCommunitySolar.com or call 1-315-585-8742. Use Code PRL.
- 2** We'll link your National Grid account to Solar Farms New York, a community solar program providing solar power to the National Grid grid. Your discount is deducted automatically, **saving you 10% on your electricity costs – guaranteed.**
- 3** **Bonus:** You will also receive a \$50 Visa Gift card to thank you for supporting New York State's goal of 100% renewable energy.

Skaneateles, we can do this!

We can create a safer, healthier environment for our kids and generations to come.

NEW YORK

FREQUENTLY ASKED QUESTIONS

Q. How does this option help the environment?

A. By linking your National Grid account to Solar Farms New York, you'll support clean renewable energy being added into the National Grid grid. This energy reduces your carbon footprint and is healthier for the planet.

Q. Do I keep National Grid as my utility provider?

A. Yes, National Grid will continue to be your provider. There is no disruption to your service, you'll simply get a 10% discount on the solar power on your bill.

Q. Do I have to pay Solar Farms New York separately?

A. No! There are no additional bills to pay, nothing you need to do to receive your discount. Once you sign up, it happens automatically.

Q. Do I need solar panels on my roof?

A. No. The solar panels are all on our community solar farms, not your roof.

Q. Does it cost anything to enroll?

A. Enrollment is FREE. And with your discount, you'll actually be paying less than you do now on your regular National Grid bill.

Here's what our customers say...

"Why not save on your bill while going green AND getting rewarded for it! You can't go wrong."

Kristian C., Norwich

"Who wouldn't embrace the opportunity to reduce their carbon footprint on the world at no higher cost than your normal electric bill."

Tammy O., Waterloo

"Anytime my family or my friends can save money, it is a benefit to me and them. Solar power is a benefit to everyone."

Sharon E., Cortland

"This program is a great win-win for everyone. Money saved and given back to the community. Best way to go green I've heard!"

Carla B., Elmira
