To Whom it may concern:

I have attached all permits etc. To get a variance on our property to add a metal shed 18'x25' on the back of our property, I have met with your code officer I believe back a few months ago to discuss our plan and it should be no big deal.

I filled out all of the permits to the best of my abilities as I believe most of it does not pertain to our location, no farms, wetlands or major roads being affected.
